

Cardiac CT Imaging Day Montreal, Canada - April 25, 2012 Agenda

- 7:15 am – 7:45 am: Breakfast and Registration
- 7:45 am – 8:00 am: Welcome Remarks
- 8:00 am – 8:20 am: Cardiac CT for Stable Coronary Disease
Jonathon Leipsic, MD, FSCCT
- 8:20 am – 8:35 am: Modern CCTA Protocols
Richard Coulden, MD
- 8:35 am – 8:50 am: Are Radiation Dose Concerns a Thing of the Past?
Brett G. Heilbron, MBChB, FSCCT
- 8:50 am – 9:15 am: The Prognostic Value of Coronary CT Angiography- Lessons from the Confirm Registry. What we Have Learned
Ben J.W. Chow, MD, FSCCT
- 9:15 am – 9:30 am: Panel Discussion and Audience Q and A
- 9:30 am – 9:45 am: Cardiac CT for Adult Congenital Heart Disease- A Primer
Andrew Crean, MD
- 9:45 am – 10:00 am: CT Myocardial Perfusion- State of the Science
Anthony Fung, MD
- 10:00 am – 10:15 am: The Future of CT Myocardial Perfusion
Ting-Yim Lee, MD
- 10:15 am – 10:30 am: Panel Discussion and Audience Q and A
- 10:30 am – 10:45 am: Coffee Break
- 10:45 am – 11:00 am: Extra-Cardiac Findings of Prognostic Significance
John Mayo, MD and Carole Dennie, MD
- 11:00 am – 11:20 am: The Future of Cardiac MRI is Now
Matthias Friedrichs, MD
- 11:20 am – 11:40 am: Plaque Identification, Characterization, and Quantification with CCTA
Alex Leber, MD
- 11:45 am – 12:10 pm: Debate: Coronary Anatomy is More Important than Ischemia/Function
Pro- John Mancini, MD, Con – Matthias Friedrich, MD
- 12:15 pm- 1:15pm: Lunch
- 1:15 pm – 1:35 pm: Atherosclerosis Imaging- Where does Cardiac CT Fit In?
Jean Claude Tardif, MD
- 1:30 pm – 1:45 pm: Update on Core 320
Narinder Paul, MD
- 1:45 pm – 2:00 pm: MDCT for Chronic Total Occlusions
David Wood, MD
- 2:00 pm – 2:15 pm: MDCT for TAVR
Jonathon Leipsic, MD, FSCCT
- 2:15 pm – 2:30 pm: Panel Discussion and Audience Q and A
- 2:30 pm – 2:50 pm: Coffee Break
- 2:50 pm – 3:10 pm: The Evolving Role of CCTA in the ED
Josie Pressaco, MD and Graham Wong, MD
- 3:10 pm – 3:30 pm: Is Calcium Scoring Dead Prior to Arrival in Canada
Craig Butler, MD
- 3:30 pm – 3:45 pm: CCTA for Risk Stratification in the Asymptomatic Patient- Closer Than you Think
Carolyn Taylor, MD
- 3:45 pm – 4:00 pm: Panel Discussion and Audience Q and A
- 4:00 pm – 4:20 pm: Getting More from Stenosis- Role of Transluminal Gradients
Ben J.W. Chow, MD, FSCCT
- 4:25 pm – 4:45 pm: Current Guidelines and Appropriateness Criteria and Potential Future Applications
Alan Brydie, MD
- 4:45 pm – 5:05 pm: MDCT for Non-Cardiac Chest Pain: Recent Advancements
Savvas Nicolaou, MD
- 5:05pm – 5:20 pm: Discussion/Day Wrap Up
